ATLASSIAN | Platinum Solution Partner

GARMIN

The A List provided advisory consulting and guidance to help Garmin deploy new instances of **Jira** and **Bitbucket**, ensure a seamless integration between the two platforms, properly link Bitbucket repositories to Jira projects, and define and document best practices for smart commits.
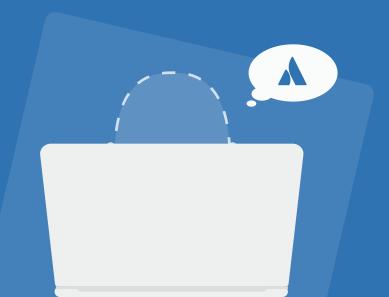

Time to completion: **2 DAYS**

coinstar

The A List provided consulting services to help Coinstar with a brand new **Jira Service Desk** implementation — including a services catalog for change management, 5 custom workflows, and a company-wide rollout to nearly 100 agents within a very tight deadline.

Time to completion: **UNDER 30 DAYS**

[Your Company Here]

Whether you need help with a new Atlassian implementation, custom workflows, personalized training, or just need answers to some of your burning questions, we're here to help! Our platinum certified Atlassian professionals do all that and more — in a convenient, all-access subscription.

Let's get started!
