HOW TO CONNECT
WITH US

PARTNERSHIP PORTAL

You can file a ticket through the partner portal here:

<https://jira.cprime.io/servicedesk/customer/portal/2/create/72>

The screenshot shows a web form for creating a ticket in the Partnership Portal. The form is organized into two columns. The left column contains the input fields, and the right column contains the instructions for each field. At the bottom, there are 'Create' and 'Cancel' buttons.

Field Name	Field Type	Instruction
Summary	Text Input	Give your request a brief but meaningful title (e.g. "Need Demo Help With A Customer")
Partner Request Type (optional)	Dropdown	Help us triage the incoming tickets faster by selecting the option on what your request is about.
Partner Company Name	Text Input	Enter the name of the company that your request is about.
Atlassian Application (optional)	Two Dropdowns	Let us know which Atlassian application your request is about
cPrime Add-On (optional)	Text Input	For which app would you like to place a request?
Description (optional)	Text Area	Briefly describe the use case and any supporting detail for your request (e.g. As a partner, I would like to resell Power Scripts to my customer and need demo assistance")
Attachment (optional)	File Upload	Please attach any files you feel may assist us when working on your request.
