

Getting started with Trello from Atlassian

A quick guide for admins

Before you begin

Key Info

Trusted by millions, Trello is the visual collaboration tool that creates a shared perspective on any project.

Link your Trello and Slack teams to harness the power of productivity with the Trello app for Slack, and create a seamless and collaborative workflow between your favorite apps.

With Trello for Slack, you can:

- Add new Trello cards to boards directly from Slack with /trello add
- Join Trello cards (and boards!), change due dates, attach conversations and a lot more.
- Invite @trello to a channel for automated card and board previews including members, descriptions, comments and more.
- Allow Slack team members to join your Trello team and boards in one click.

Setting up your domain

1. Visit the [Trello page](#) in the Slack App Directory.
2. Click the Add to Slack button at the top of the page.
3. Select the Slack workspace you'd like Trello to authorize.
4. Click Authorize.

Install the Trello for Slack app

1. Install the Slack app from slack.com/apps/A074YH40Z-trello
2. Once installed, in Slack the Trello app will send you a message that will help you get started.

Congratulations, you can now use the Trello for Slack app!
