Atlassian solutions for customers at scale

Jira Align

Certified in SAFe® & Atlassian tools, Expium configures Jira Align for both visibility and strategic alignment across your enterprise.

Our focus

- Establishing a solution that works for teams and leadership.
- Cost-effective implementation that avoids common pitfalls.
- Promoting long-term success through increased user adoption and knowledge sharing.
  - **Admin training & support**
  - **Knowledge sharing across teams**
  - **Role based playbooks**
- Establishing an internal Governance that works to support & grow the tools & processes for the organization.

Drop in for a consultation

We're ready to discuss your visualization goals in our Team Tour booth, or message us at team@expium.com.
